Capitalised terms not defined in this document have the meaning given in the Terms of Selling Cards to Cardhansa, the Terms of Purchases from Cardhansa and the Service Terms.

§1 General provisions

1. **What the Price List covers.** The Price List sets out the fees and thresholds connected with Orders: the costs of parcels in both directions, the fees for additional services and the minimum Order value. The prices of Cards and products are not part of the Price List; we show them next to every Card and every product in the Service.
2. **Amounts.** We give all amounts in Polish zloty and they are gross amounts, including tax.
3. **Fixed in the Order.** The fees and thresholds in force at the moment the Order is placed are fixed in that Order and do not change while it runs. The Price List in that version forms part of the terms of your Order.
4. **Promotions and Coupons.** Promotions and Coupons may reduce the fees in the Price List or waive them. A Coupon may also waive the minimum Order value when selling cards to Cardhansa, under the rules set out in the Terms of Selling Cards to Cardhansa. Their conditions are set out in the terms of the Promotions and in the descriptions of the Coupons, and the rules for combining benefits are given in the Transaction Terms.
5. **Precedence.** In case of any discrepancy between the Price List and the applicable Transaction Terms, the Transaction Terms prevail.

§2 Fees on sales of cards to Cardhansa

1. **Minimum Order value.** You can place an Order from a total value of Buyback Items of **PLN 100**, unless the Coupon used waives this requirement in accordance with its description and the Terms of Selling Cards to Cardhansa.
2. **Cost of delivery to us.** You deliver the Buyback Items using one of the methods made available in the Service at the moment the Order is placed. We deduct the cost of the method you choose from your payout.

Carrier	Delivery method	Cost
InPost	Size A	PLN 14.99
InPost	Size B	PLN 17.99
InPost	Size C	PLN 19.99

3. **Priority Fee.** The Priority Option, that is accelerated Verification, costs **PLN 9.99**. You can select it for an Order covering no more than **200 singles**.
4. **Collection Valuation Fee.** We value a Collection card by card. The fee is the sum of two components.

Fee component	Rate
on the value of the Cards valued	8 %
on each Card valued	PLN 0.05

5. **When we charge the Collection Valuation Fee.** The fee is due for the valuation performed, including where you reject the New Proposal for the Collection. The split of the Collection into cards valued individually and Bulk Cards, together with its effect on the amount of the fee, is shown to you in the Verification result.
6. **An Order containing a non-genuine Card.** Detecting even one non-genuine Card means that we check the authenticity of every Card in the Order separately. We settle such an Order as a Collection and it is covered by the Collection Valuation Fee at the rates in §2(4). The fee may not exceed the value of the Order as at the moment it was placed.

7. **Line Items requiring preparation for assessment.** If Line Items do not meet the parcel preparation requirements in the Terms of Selling Cards to Cardhansa and bringing them into a state in which they can be assessed requires additional work, we settle those Line Items as a Collection and they are covered by the Collection Valuation Fee at the rates in §2(4). The fee is calculated on the value of those Line Items and on the number of Cards they cover. The fee may not exceed the value of those Line Items.
8. **Cost of return.** The cost of return equals the price of the delivery method in your Order. When it is borne by you and when by us is set out in the Terms of Selling Cards to Cardhansa.
9. **Re-sending a return.** If the return parcel comes back to us as uncollected, we send it again at your cost, at the price of the delivery method in your Order.

§3 Fees on purchases from Cardhansa

1. **Delivery Cost.** The Delivery Cost depends on the delivery method you choose. We show the methods available for your Order and their cost while you place the Order, and you see the total amount payable together with the Delivery Cost before you place it.
2. **Re-sending a parcel.** If the parcel comes back to us as uncollected, we send it again at your cost, at the price of the delivery method you chose.

§4 Changes to the Price List

1. **Valid reasons.** We may change the Price List for valid reasons: changes in the prices of carriers' services, changes in the costs of handling Orders, changes in the law or in its interpretation, and editorial changes improving clarity.
2. **No retroactive effect.** A change to the Price List does not affect Orders placed before it was introduced. We settle them under the Price List fixed in those Orders.
3. **Publication.** We make the amended Price List available in the Service, in the same place as this document.

§5 Final provisions

1. **Related documents.** The Price List applies together with the Terms of Selling Cards to Cardhansa and the Terms of Purchases from Cardhansa. The rules for assessing the condition of Cards are described in the Card Condition Policy.
2. **Language.** This document is drawn up in Polish; the English version is provided for convenience. In case of any discrepancy, the Polish version is binding.
3. **Entry into force.** The Price List is effective from 1 July 2026.
